ICT for Development Specialization Application

Please create Word document providing the information specified below. Completed applications should be emailed to Prof. Mark Levy mlevy@msu.edu

Applicant Information

Name
Student ID
Email Address
Major

Relevant Coursework

Please list any relevant courses that you have already taken. These can be courses that are part of the ICT for Development Specialization or other courses that you believe have prepared you for the specialization.

Length: up to ½ page.

Course Plan

If you are accepted into the program, you will be required to take the courses listed in the program brochure. Please describe how these courses will fit into your major. (E.g., what year will you take each course?)

Length: up to ½ page.

Statement of Purpose

Briefly describe your motivation for enrolling in this specialization. If you have a particular interest in any particular region of the world, please describe this. Also, do you hope to do your fieldwork in the United States or abroad? (Regional interest will not be used as a selection criterion but will help us manage and improve the program.)

Length: up to 1 page.
